

CommunityCHOICES

Do you have an idea that will improve the quality of life in your community? Do you have a proposal that will make a positive and lasting difference to your area?

There's now an opportunity to make it happen!

Falkirk Council is working alongside our partners in the Falkirk Health and Social Care Partnership to launch the **Community Choices** initiative – a fund of over £3M over two years where YOU will apply for funding to bring about the changes that will make a difference to YOUR community. The fund aims to support proposals that can make your area Fairer, Healthier, more Connected & more Inclusive.

Clubs, organisations, community groups and even individuals can apply for funding to make these changes happen. Smaller budget proposals (up to £1500) can apply to the Small Grants Programme. Bigger projects (anything over £5,000) can apply to the Capital Grants Programme.

CommunityCHOICES

Community Choices will let communities across the Falkirk Council area decide how money is spent in your neighbourhood. We believe that communities know what's best for them – and what you need to improve the quality of life for residents. **Community Choices** wants to capture that local ambition and aspiration and encourage communities to be directly involved in delivering the services that are important to you.

How it Works

- Initial expressions of interest should be submitted by 6 March.
- An Advisory Panel will consider each proposal and support those going forward to a public vote.
- Detailed submissions should be received by 9 April.
- The public vote will run from 26 April to 14 May with the successful proposals announced shortly afterwards.

This is YOUR chance to make a real difference in YOUR community.
